

let's play music

A WHOLE NEW WAY TO TEACH MUSIC

What does it teach?

- Emphasizes melodic, harmonic, and rhythmic ear training
- Introduces spatial skills necessary for note and rhythm reading
- Teaches note reading
- Studies the music of the masters to understand classic form and instrumentation
- Encourages freedom of expression and musical interpretation
- Channels the young voice into beautiful singing by providing correct vocal models and frequent singing opportunities
- Teaches fundamentals of harmony and chord progressions
- Utilizes "full body involvement" for more effective assimilation of concepts and skills
- Adapts skills to the piano

What does all of this mean? It develops musical aptitude. Your child will learn the things that cause us as adults to say that a person is musically talented. Can you teach talent? YOU BET!!! Research has shown that musical aptitude (talent) is more acquired than it is hereditary. "Musically talented" people are so, not because of genetics, but because of exposure to a musical environment at a young age.

Let's Play Music Vision Statement

To enrich lives, increase confidence, develop talent, enhance intelligence, and bond parent to child, by providing an outstanding music educational experience for children, using premium materials and lessons, taught by superbly trained teachers.

FUN, FUN, FUN!

Children learn most effectively when they are playing! If you were to peek in on a Let's Play Music class, you would see jumping, singing, skipping, storytelling, and laughing! Music educators have long taught that the young child learns best through play, experience and discovery. As musical concepts and skills are presented in a playful, joyful setting, children absorb knowledge and ability.

LET'S PLAY MUSIC MAGIC!

"I have experienced the magic of Let's Play Music first hand with my youngest son. We had such a great experience, and it has formed the best foundation for my son's love for music, not to mention his academic success. I have been amazed at the amount of learning that is present in every class period. Let's Play Music packs musical learning disguised as play into every minute."
