Tax & Shipping allowance:

Tax and shipping allowance is built into the price you will charge the parents. You will collect \$83 per complete set and \$23 per sibling set. This allows for the 9% tax for Arizona teachers. Shipping allowance is approximately \$6 per complete set and \$2 per sibling set. If you order just one or two sets, you will pay more shipping than you collected. Ordering more than 2 sets will easily cover your shipping charge.
