Kit Kat Keyboard (verses 2 & 3)

When I look a little closer, what do I find?
So many white keys it just blows my mind!
My little candy bars will help me know
The names of all the white keys, here I go:
Find a group of 2, down one is C
And a group of 3 leads to F, YIPPEE!
When I'm learning names of white keys,
What do I find?
Alphabet letters of a musical kind!
The group of 2 is C-D-E,
And the group of 3 is F-G-A-B!
